

WHY INDIVIDUAL REGISTRATION?

As the National Governing Body for the sport of softball, ASA/USA Softball is committed to the goal of providing accident and liability insurance for all participants in the Junior Olympic (youth) program. The only way this can be accomplished is to individually register each participant in the program, including players, managers, coaches, assistant coaches and scorekeepers. Most other National Governing Bodies of youth sport programs individually register their participants, in order to boost loyalty in their organization, increase brand awareness and to ensure that all players receive adequate and economical insurance benefits. To this end, ASA/USA Softball has been converting to Individual Registration (as opposed to team registration) for the Junior Olympic Program.

For all individually registered teams/players:

1. ASA Accident and Liability Insurance are automatically provided to all individually registered members as a benefit of membership.
2. Individually registered players are insured to play in any amateur softball event on any ASA-registered team no matter whether team is playing ASA, USSSA, Pony, etc.
3. Insurance coverage follows the individual throughout the calendar year for all ASA/USA Softball activities, even if they change to another ASA/USA Softball team.
4. If parent(s) have other accident insurance, ASA's Accident plan is secondary; if no other insurance ASA's Accident plan is primary subject to the deductible and coinsurance (90/10%).
5. Players are covered during tryouts, even prior to actual registration and payment. However, any player who is injured during tryouts must be registered ASAP in order for coverage to apply retroactively to his/her injury.
6. Insurance coverage begins on the day of registration for new registrations. Individually Registered players and coaches who are renewing registration, will be covered from September 1st of the current year thru August 31 of the following year.
7. Choice of \$125 or \$250 deductible
8. At least 1 coach must be registered with the team, but all coaches can individually register in order to be covered for under the ASA Accident plan.
9. All individually registered players are eligible 'pick-up' players for teams advancing to a championship tournament. (in accordance with Pick-Up Player rules)
10. All individually registered players are eligible 'guest players' for teams participating in invitational tournaments (not advanced play or Championship tournaments)

Individually registered LEAGUES can add these benefits to the above list:

- If all of teams within a league individually register with ASA, then the interests of the League and the league officers are automatically covered by the liability policy for claims arising out of Bodily Injury or Property Damage.
- A tournament is automatically covered IF all participating teams in the tournament are from a league that is 100% individually registered. However, if tournament includes teams from outside of the league, ASA Tournament Insurance should be purchased.

2015 ASA OF PA INDIVIDUAL REGISTRATION RATES
